WHITE PINE COMPOUND,

Goffstown Centre, N. H.

The following testimonials will tell something about a Medicine that is now becoming popular faster than any other article sold by dragsists:

Rev. J. K. Chase, of Rumney, N. H., under date of April 4, 1800, says:

When your favor, (two bottles of White Pine Compound.) was received, I was suffering from a most severe cold. I took the Compound, and was able to preach in two days.

* I believe the Compound is an invaluable medicine I do wish thousands who know nothing of its virtues, would become better acquainted with it.

Rev. I. O. Stevens, Pastor of the Baptist Church at Goffstown Centre, in a letter dated Feb. 1800, says:

"Some of my family have tried it, (the Compound,) with signal success. I believe it to be one of the best Cough Remedies ever prepared. Benides its value as a Cough medicine, I have good presson to believe it to be all it claims to be for Kidney Diseases and Diabetes."

Mr. Ass Goodhue of Bow, N. H., was so prostrated by Di-

In a fall statement of his case, he says: "I believe Dr. Foliand's White Pine Compound, unfer Gol, has been the means of my recovery thus fit."

Hundreds of cases of Kidney complaints, Curke entrant, by taking the White Pine Compound, have been reported by druggists. Here are two as samples:

An aged man in Darvers, Mass., heard of the Compound, as a wonderful curative for Kidney complaints. Being a great sufferer from that difficulty, he sent to the Apothecary for two bottles. They crase him. He said they were worth fifty dollars. He has since sold a goe! many bottles himself. The second case was that of a business muo, in Satem, Mass. He was also cured of the same complaint. Afterwards he went to Minnesota. The great fatigue of his journey brought on a return of his former difficulty, and seeking in vain in Minnesota for the Compound, he was compelled to send all the way to Salem to have it forwarded by extress.

"July, 1890. Dr. Potann—Mr. J. C. Butterfield, Jr., who sells your Medicin, has requested me to give a brief statement of what your White Pine Compound has done for me. I had been afflicted with the Kidney Complaint for a long time, and had a had Cough of ten years standiar, which caused me to spit blood quite frequently. No one of my acquaintances expected that I should ever get my health again. But two bottles of your White Pine Compound have cured me of both the Cough and the Kidney Complaint.

I would also state, that a lady, a neighbor of ours, was so badly afflicted with a cough, that the sat up only long enough to have her bed made, and we all thought she was going in a quick consumption. She took only one bottle of your Compound, and it cured her. She is just as well now as she ever was.

STEPHEN BARTLETT,

"DR. POLAND:—I wish to bear my testimoup to the value of your Compound, and before I had take two-thirds of the connents of that one bottle, my pain had all left me. Though I had been afflicted with that complaint long time, I have not had a return of it since, and have for many mouths pas

Scrotula and Scrotulous A Sections, such as Tumors, Ulcers, Sores, Eruptions, Pim-ples, Pustules, Biotches, Bolls, Binius, and all Skin Disenses.

OARLAND, Ind., 6th June, 1859.

J. C. AYER & Co., Genta — I feel it my duty to acknowledge wint your Sarsaparilla has done for me. Having inherited a Scrodulous infection, I have suffered from it in various ways for wars. Sometimes it burst out in Ulcers on my hands and arms; sametimes it turned inward and distressed me at the stomach. Two years and it broke out on my head and covered my scalp and ears with one serve, which was painful and leathsome befond description. I tried many medicines and several physiciano, but without much relief from any thing. In fact, the disorder grew worse. At length I was rejoiced to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that anything you made must be good. I will to know the a you advise, in small dones of a temporally over a month, and used almost three battles. Now and healthy skin began to form under the scale, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the aposition of the age, and remain ever gracufully.

Yours, ALFRED B. TALLEY.

Dr. Robert M. Preble writes from Salem, N. V., 12th Sept.,
1899, that has envel an inveterancess of Dropsy, which
threatened to terminate fatally, by the pers vering us of our
Satssparifia, and also a dangerous attack of Matignant
Eryestpelus by large closes of the same; says he cures the
common Eryesipelus Eruption by it constantly.

Dyspepsin. Henri Disease. Flis, Epilepsy, Melaucholy, Neuralgin.

Many remarkable cures of these affections have been made by the atterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remark has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

SPRINGFIELD FIRE AND MARINE Insurance Company, of Springfield, Mass. AVER'S CHERRY PECTORAL, Coughs, Colds, Influenza, Hoarseness, Croup, Brouchitis, Incipient Con-sumption, and for the Relief of Consumptive Patients in advanced stages of the disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly weigherful cures of pulmonary disease, have made it known throughout the civilized nations of the carth. Few are the communities, or even families, among them who have not some personal experience of its effects,—some living srophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful family of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have wen see strongly upon the confidence of mankind. 1st. Numitz Exussions, which my Eclectic Life Drops will
cure in a very short time, without failure.

2d. Datat Discussions. There are uncereases of this than
the world is aware of. Some of the symptoms are highcoiected and scanity craculations from the bladder, with a
smarting sensation attending it, sometimes with a turid seniment, and at others a milk-tike appearance. I have anniyzed many specimens of this nature, and in all cases have
found traces of Semon and Albumen, which is as sure to produce death as Consumption, unless it is checked by medical
treatment.

I have prepared a Medicine for the purpose of regulating the Monthly Sickness, which I have used for the last ten years with the most unbounded success. The following recommendation is sufficient:

"Its uniform success, even in extreme cases, is as assonishing as it is satisfactory."—Jour of Jan. Med. Science.

I have hundreds of private assurances of the same happy results, but for obvious reasons I cannot place them before the natific. results, but for our pole traces the public.

It is the very best thing known for the purpose, and in cases of obstruction, after all other means have failed, will surely produce the desired effect. A cure is guaranteed as all cases, or the price will be refunded. Purely regetable, and perfectly sale at all times.

CAUTION—Never purchase any medicane of this nature of any one, if left about the country for sale. Such Pulls and Buors are deserving of an confidence whatever.

The MAGIC COMPOUND which you furnished me last
Spring, when I was suffering most severely from the effects
of a long continued cold upon my lungs, actual like a charm.

The first night after taking it, I conglied less and stept better
than for weeks before, and the use of it finally removed the
difficulty entirely. I should use it again in preference to
any medicine I have tried when similarly afflicted.

Mr. Asa Goodhue of Bow, N. H., was so prostrated by Diabetes, in March, 1859, that neither himself nor any who saw him thought that he could possibly live through the month. As a last react, he thought he would try the #hite Princ Compound. They produced a bottle for him; he began to take it, and to the surprise of all, immediately showed signs of amendment. Eleven months afterwards, (Feb. 23, 1800.). In a full statement of his case, he says: "I believe De. Poland's White Pine Compound, under God, has been the means of my recovery thus far."

By ROB. J. CULVERWELL, M. D.,

The irriportant fact that the awful consequences of selfabuse may be effectually removed without internal Medicines
or the dangerous applications of caustics, instruments, medistated bougies, and other suspirical devises, is here clearly
demonstrated, and the entirely new and highly successful
treatment, as adopted by the ociebrated author fully explained, by means of which every one is enabled to cure himself
perfectly, and at the least possible cost, thereby avoiding all
the advertised nestroms of the day. This lecture will prove
